Modern Slavery Policy

TJW undertakes to carry out the following actions to minimize the risk of encouraging Modern Slavery, Human Trafficking, Servitude and Forced Labour in all their forms and to support the ambitions of the Modern Slavery Act 2015.

- To source our materials, parts and processes locally wherever possible.
- To source these items from reputable companies with anti-slavery policies.
- To pay a fair price for services and to encourage our suppliers and clients to do the same.
- To encourage our supply chain to develop an anti-slavery ethos.
- To educate our workforce on the issues of modern slavery
- To broadcast our abhorrence of modern slavery on our website and on any publicity materials
- To actively assist victims of modern slavery should any be found in the course of our business
- To ensure all our staff are paid a fair wage and are happily employed and in charge of their own destiny.
- To regularly review our actions
- To regularly review recommendations from charities such as Unseen.

Sincerely

TJW Precision Engineering Ltd
